SUMMARY

Account manager, 8 years across SaaS customer success, B2B sales, and construction operations. Owned renewals and expansion on $1M–$2M ARR books (90%+ and 93% renewal, $140K in expansions), with roots in B2B sales on Salesforce. Since 2024, a Fieldwire customer: took a subcontractor from an unused license to 1,000+ tracked openings as system of record, then delivered the method to other contractors on referral.
